1. LUCRIS GSM

Flow	PhD research
PhD Admission	Starts with the students application and ends with approval from the dean and the registration in SAP.
Supervision plan	Research and writing phase. Ends when the manuscript is finished.
Graduation formalities	Build up towards and organization of the defence. Ends with the registration of the result of the defence.

2. How to get started

1. Log in with your ULCN account on: <https://lucris.leidenuniv.nl/converis/secure/client/login>
2. Switch to the 'Supervisor' role by clicking your name in the top right corner of the screen
→ click Switch Role → click the Supervisor role.

Note: if you do not have the Supervisor role yet, please contact the Graduate school officer (GSO) of your faculty.

3. Via the menu on the left you can see all Graduations that you are currently supervising as a supervisor, co-supervisor or additional supervisor

By default there are 10 Graduations on a page. If you have more than 10 Graduations, enlarge your page or scroll to the next one:

3. Things to do

The 'Things to do' are listed on your dashboard.

4.1 Approval of the OBP

PhD affiliated at Leiden University and those benefitting of a scholarship need to draw up a training and supervision plan (OBP) within three months after the start date of the PhD research.

Once the PhD student has uploaded the OBP, you will be notified and asked to approve it.

Scroll down to **'Training and supervision plan (OBP)'** and select the **'Yes'** or the **'No'** button

4.2 Annual meetings with Supervisor

For PhD students benefitting of a scholarship (promovendus/contract) you need to register the date of the annual meetings in LUCRIS. For the PhD student affiliated at Leiden University ('promovendus') these meetings will be registered in SAP.

The GSO may use the reminder functionality to let you know when the first meeting has to be organized.

After the meeting has taken place, please register which meeting it was and when it took place. This can be done via menu "Graduations > Supervision plan", and by clicking on **Edit** below the corresponding supervision plan:

The screenshot shows the Converis interface for Supervision plans. The left sidebar contains a menu with 'Supervision plans' circled in blue. The main content area displays a list of supervision plans for supervisor Peter Overbeeke. The second plan, 'Notification testen 20 juni', has its 'Edit' link circled in blue. The top right of the interface shows the user's name and a notification bell icon.

In the tab 'Annual meetings and activities' you can add an 'Annual meeting with supervisor':

The screenshot shows the 'Annual meeting with supervisor' form. The title is 'Annual meeting with supervisor'. Below the title is a description: 'This part serves the registration of annual meetings organized for phd students with a scholarship (promovendus/contract)'. A bold instruction reads: 'First meeting with supervisor has to be organised. Please set up a meeting before:'. Below this is a date input field. In the bottom left corner, a blue circle highlights a plus sign icon.

You may also register when the next meeting should take place.

5. The Graduation formalities

In the menu **Graduations** > **Graduation Formalities** you will see all projects where you are a supervisor, co-supervisor or additional supervisor, but you can edit only those projects where you are 'first/main' supervisor (*penvoerend*).

5.1 Approval of manuscript

Once the graduation formalities have started you will be notified and asked to register your approval of the manuscript and the outcome of the plagiarism detection. The key user of your institute may support you doing this.

Open the file via the Things to do in your dashboard (See chapter 3 of this manual). Select the 'Manuscript and composition Doct. Com.' tab and register the outcome of the plagiarism detection. If you wish you may also upload the report from the plagiarism detector by using the folder icon.

Plagiarism detection

The dissertation has been successfully submitted to a plagiarism detector.

Yes Provisionally No

Notes

The Dean consents to the outcome of the plagiarism check

Yes No

Plagiarism detector report:

Scroll down to 'Approval of manuscript' and select the desired option. Please be aware that your approval includes the approval by the Additional- or Co-supervisor(s). If you wish you may also upload a document by using the folder icon.

Approval of manuscript

The Supervisor approves the manuscript as a dissertation.

Yes No

An upload of the written approval (appendix 3) is not required. If you want to upload appendix 3, or another document that is used by your faculty, you can use the upload button. (In case of a dissertation from the Leiden Law School, please upload the Declaration supervisor approval manuscript form.)

After approving the manuscript, continue with the composition of the Doctorate Committee (5.2).

In case you don't approve the manuscript, you can go back one step in the workflow. To do that click 'Save & Close', set the status to 'Manuscript not (yet) ready', and click 'Done'. (And tell the PhD candidate what to change.) The PhD candidate then will get a notification.

5.2 Composition of Doctorate Committee

Compose the Doctorate Committee by registering both the members who are affiliated at Leiden University and those working in another organization. For those not working at Leiden University, a new 'person record' may need to be manually created in LUCRIS if you cannot find them in the system. Please check if the external person or the external organization already exist in Converis before doing so.

To register a member of the committee, click the  icon under 'Doctorate Committee members'

Doctorate Committee members

To compose the Doctorate Committee please register the names and affiliations of the Leiden and non-Leiden members below and click on the 'Save' button. The Graduate School office of your faculty will then check the composition of the Doctorate Committee and submit your request to the Dean. This action serves as appendix 5a of Leiden University PhD regulations.

If your faculty requests it you can upload a list of the publications of an individual member at the bottom of this section.

You can search for a person by writing his/her last name:

Search results for **schaerlig**

	Schärlig, Sylvie, Drs. - Bibliotheekprocesondersteuning (20030658)
	SchärligTest, Sylvie - University College London

The persons working at Leiden University can be recognized by the number shown after the name of their institute. External persons (without such a number) can also be selected to become a member of the doctorate committee.

If you have found the person you were searching for, click the  icon to register him/her as a member of the doctorate committee.

If you have not found the person and he/she is working at Leiden University please check if he/she has been registered with a different name in SAP. If the person is from an external organization and cannot be found in the system, please follow the following steps to create a new record for this person:

5.3 Creating a new external person

Click the white  icon at the right side of the field:

A search input field containing the text 'Kandinsky'. To the right of the field are three icons: a magnifying glass (search), a box with 'A-Z' (sort), and a plus sign (+) inside a circle, which is highlighted with a blue circle.

Now you are in the **New Person** form. Here you can register information about the external person. **Note:** the fields with an * are mandatory.

The 'New Person' form interface. At the top, it says 'New Person' and has two toggle switches: 'Not Publicly Visible' (disabled) and 'Active' (enabled). Below this are three tabs: 'Key Information *', 'Preferred information', and 'Research Profile'. The 'Key Information *' tab is selected. Under this tab, there are several fields: 'Salutation' (a dropdown menu with 'Select saluation' and a downward arrow), 'Title before name' (an empty text box), 'Title after name' (an empty text box), and 'Formal name *' (a text box with a note below it: 'This is the complete name of the person, for example: A.B. Jansen').

After filling out the above information, you have to link the external person to an organisation. To do so, click on the white [+] icon under 'Business Cards / Organisational Affiliations':

Business Cards / Organisational Affiliations

In the form **New Business Card** click on the blue [+] icon to search if the organization you wish to register already exists in the database.

Now you are in the 'New Person' form again. In the second tab (**Preferred information**) you can register the e-mail address of the person. The third tab (**Research Profile**) is not relevant for external persons.

Click **Done**, and in the pop-up **Set status**, click **Done** again. Now the external person has been added as member of the Doctorate Committee to the Graduation formality.

If your faculty requests a list of publications, you can upload a list of an individual member at the bottom of this section.

When finished, click '**Save & Close**'. Set the status on 'Doctorate Committee to be checked by GSO', and click '**Done**'. The GSO will then submit the list to the Dean. This action replaces appendix 5a of the Leiden University PhD regulations.

5.4 Assessment by Doctorate Committee

When the dean has approved the composition of the Doctorate Committee you will be notified via a notification and a 'Thing to do' message on the dashboard. You do not need to do anything in LUCRIS at this point. The Doctorate Committee will assess the dissertation and the Doctorate Committee's secretary will register the outcome in LUCRIS GSM.

However, there is one thing that the supervisor can do in this status: registering a cum laude proposal, if applicable. To do so, you have to go the tab **Assessment by Doctorate Committee** and scroll down. After uploading a proposal, click 'Save'.

Cum laude regulations

In case a cum laude procedure is started, please upload proposal and comments below.

Proposal and comments on a possible cum laude predicate:

5.5 Approval of propositions

When the dean has confirmed that the PhD student is allowed to do his/her defence, the student will upload the non-scientific parts and the propositions. You will be notified via a notification and a 'Thing to do' message on the dashboard of LUCRIS.

Use the **Thing to do** on your dashboard: Click on the message to see the research title.

When finished, click **'Save & Close'**, select the status 'For approval of non-scientific parts and propositions by dean' and click **'Done'**.

If you do not approve the propositions, select the status 'For upload of non-scientific parts and propositions by PhD student' and inform the student about your comments.

5.6 Composition of Opposition Committee

When the dean has approved the non-scientific parts and propositions, you will be notified via a notification and a 'Thing to do' message that you have to compose the Opposition Committee.

Go to the edit page of the Graduation formality, open the tab 'More', and click the tab 'Opposition Committee'. You will see that the persons from the Doctorate Committee are already copied to the Opposition Committee, except for the newly created external members.

If necessary you can delete or add members to the Opposition Committee, just as you did earlier for the Doctorate Committee (see paragraph 5.1). External persons that were already created for the Doctorate Committee can be added by searching the name:
