**A TRULY GLOBAL
LANGUAGE**

WELCOME TO YOUR NEW LANGUAGE!

Not sure what you should pick as your language. Well Portuguese is the choice for you... *provavelmente*.

A GLOBAL LANGUAGE!

Due to the Portuguese colonial empire, Portuguese became the world's first global language back in the XV century.

Today this is still true and you can connect with dozens of countries and cultures with just one language.

ONE NAME, MANY IDENTITIES

Portuguese is a name. It doesn't belong to Portugal.

It also doesn't have **one** way of being spoken and used. In Portuguese classes you will connect with its many forms and sounds.

WHAT YOU CAN EXPECT

In Portuguese classes you can expect to:

- Learn the necessary vocabulary and grammar of the language, with practical applications.
- Have weekly quizzes and assignments for continuous results.
- Apply your language skills (only Portuguese in class from the 2nd level)
- Connect with the music, food, art, cinema and culture of 4 different continents.
- Actively participate with your colleagues in group assignments, debates and games.
- Have fun! (em Português....)

A KEY TO THE WORLD

By the end of your third semester, you will be welcome in Brazil as well as in China or Angola.

And, of course, Portugal... *provavelmente*.

STAY IN TOUCH WITH THE WORLD

By learning Portuguese you are also connecting to a language that still shapes global history.

So, even if you have dedicated yourself to one area of the globe, you can still discover and explore other areas.
