
Conference Monitor/Calendar of Events

Compiled by Reinier Bergema

The Terrorism Research Initiative (TRI), in its mission to provide a platform for academics and practitioners in the field of terrorism and counter-terrorism, compiles an online calendar, listing recent and upcoming academic and professional conferences, symposia and similar events that are directly or indirectly relevant to the readers of *Perspectives on Terrorism*. The calendar includes academic and (inter-) governmental conferences, professional expert meetings, civil society events and educational programs. The listed events are organised by a wide variety of governmental and non-governmental institutions, including several key (counter) terrorism research centres and institutes.

We encourage readers to contact the journal's Assistant Editor for Conference Monitoring, Reinier Bergema, and provide him with relevant information, preferably in the same format as the items listed below. He can be reached at <r.bergema@terrorismanalysts.com>.
