

Conference Monitor/Calendar of Events (February 2022 and beyond)

Compiled by Olivia Kearney

The Terrorism Research Initiative (TRI), in its mission to provide a platform for academics and practitioners in the field of terrorism and counter-terrorism, compiles an online calendar, listing recent and upcoming academic and professional conferences, symposia and similar events that are directly or indirectly relevant to the readers of Perspectives on Terrorism. The calendar includes academic and (inter-) governmental conferences, professional expert meetings, civil society events and educational programs organised between February and April 2022 (with a few shortly thereafter). The listed events are organised by a wide variety of governmental and non-governmental institutions, including several key (counter) terrorism research centres and institutes listed in the February 2021 issue of this journal.

We encourage readers to contact the journal's Associate Editor for Conference Monitoring, Olivia Kearney, and provide her with relevant information, preferably in the same format as the items listed below. Olivia Kearney can be reached at <oliviaj.kearney@gmail.com> or via Twitter: [@oliviajkearney](https://twitter.com/oliviajkearney).
