

About Perspectives on Terrorism

Perspectives on Terrorism (PoT) is a joint publication of the Terrorism Research Initiative (TRI), headquartered in Vienna, Austria, and the Institute of Security and Global Affairs (ISGA) of Leiden University, Campus The Hague. Now in its 16th year, PoT is published six times annually as a free, independent, scholarly peer-reviewed online journal available at the URL: <https://www.universiteitleiden.nl/perspectives-on-terrorism>.

Perspectives on Terrorism has recently been ranked by Google Scholars again as No. 3 in ‘Terrorism Studies’ (as well as No. 5 in ‘Military Studies’). Jouroscope™, a directory of scientific journals, has just listed PoT as one of the top ten journals in the category free open access journals in social sciences, with a Q1 ranking. PoT has more than 9,500 registered subscribers and many more occasional readers.

Our journal seeks to provide a platform for established scholars as well as academics and professionals entering the interdisciplinary fields of (Counter-)Terrorism, Political Violence and Conflict Studies.

The editors invite researchers and readers to:

- use the journal as a forum for debate and commentary on issues related to the above.
- present their perspectives on the prevention of, and response to, terrorism and related forms of violent conflict; and
- submit to the journal accounts of evidence-based, empirical scientific research and analyses on terrorism.

Perspectives on Terrorism has sometimes been characterised as ‘non-traditional’ in that it dispenses with some of the rigidities associated with commercial print journals. Topical articles can be published at short notice and reach, through the Internet, a much larger audience than subscription-fee based paper journals. Our online journal also offers contributors a higher degree of flexibility in terms of content, style and length of articles – but without compromising professional scholarly standards. The journal’s Research Notes, Special Correspondence, Op-Eds and other content are reviewed by members of the Editorial Team, while its Articles are peer-reviewed (double-blind) by members of the Editorial Board and outside academic experts and professionals. Due to the hundreds of submissions we receive every year, only the most promising and original ones can be sent for external peer-review.

While aiming to be policy-relevant, PoT does not support any partisan policies regarding (counter-) terrorism and waging conflicts. Impartiality, objectivity and accuracy are guiding principles that we require contributors to adhere to. They are responsible for the content of their contributions and retain the copyright of their publication.
