

Dear All,

We have made adjustments to the scheduling of LUCDH events to lower [health risks](#) to staff and students. The LUCDH team wishes everyone good health over the coming weeks.

POSTPONED:

DH Benelux – Leiden 2020 to be rescheduled to **DH Benelux – Leiden 2021**

Due to continuing health and safety concerns, it has been decided to postpone this year's DH Benelux Leiden conference to next year. The conference will now be rescheduled to **June 1-4, 2021**.

LECTURE:

“Data, Video, Coding, Digital Humanities: Libraries are Spaces to Create”

with Dr. Katy Kavanagh Webb

LUCDH lunchtime speaker series (#6) – **will be available online.**

Date: Wednesday, 1 April 15:00 – 16:00

Location: **Please join us in this Online Opportunity.**

E-mail lucdh@hum.leidenuniv.nl to let us know you will be joining us.

See [Creative Libraries](#) for further details. Dr. Webb will draw on the case studies from her research and a book on the topic entitled, [Development of Creative Spaces in Academic Libraries: A Decision Maker's Guide \(2018\)](#).

POSTPONED:

LUCDH Studium Digitale Workshop

“An Introduction to Text Mining in the Humanities”

with Alex Brandsen

This workshop has been cancelled for March 27th. The workshop is now 'tentatively' postponed to **September 25, 2020**. Those who have already registered and received confirmation of their place will have priority in attending on the new date. We will notify via newsletter and website if extra spaces become available.

Extended deadline:

Call for Papers: Summer School

‘Methodology in the History of Philosophy’.

05 – 09 July 2020. Rijksuniversiteit Groningen (RUG), The Netherlands.

The number of applications for summer schools in general is much lower than expected. Students seem to be hesitant to commit to any summer plans, when the situation is so uncertain and there may be travel restrictions. We therefore have extended our deadline for paper applications to **March 29, 2020**. Please note that, in line with Terms & Conditions, should we have to cancel our summer school because of Covid-19 (or any other reason) applicants will not be charged.

Visit the [summer school page](#) for more information and to apply.

Postponed:

See [Internet of Things - Rotterdam](#) for further details on IoT 2021

Kind regards,

Alison Carter

LUCDH student admin.
