ASSET-H

Awareness of Students' Skills: an Employability Toolkit for the Humanities
2020 - 2023

PROJECT RESULTS

SKILLS PROFILE

The research-based skills profile provides a detailed description of skills specific to humanities graduates that are valuable in working life.
www.assethproject.eu/skills-profile
www.assethproject.eu/skills-research-toolkit

H-HIGHLIGHT WORKSHOP

In the H-Highlight workshop teachers identify skills that students acquire in their courses and learn how to integrate information on skills into their course design.

www.assethproject.eu/h-highlight-toolkit

H-YOU TOOLKIT

Activities on the H-You website encourage humanities students and alumni to examine their own skills and put them in context of their career journey through self-reflection and writing activities.

PROJECT DESIGN

SKILLS RESEARCH
Identify humanities skills and ensuing profile and match to labour market needs.

1

TOOLS FOR TEACHERS
Design and test a skill-oriented course design training module for faculty teaching staff.

2

TOOLS FOR STUDENTS
Design and test an online personal development planning module for students.

3

RAISING AWARENESS
Design and implement strategies for dissemination and training.
www.assethproject.eu/communications-toolkit

4

SUSTAINABILITY
Design methodological toolkit to ensure replicability and spread project results in the broader academic community.

5
