SECURITY IN THE NEWS

New Malvertising Campaigns Spreading Backdoors, Malicious Chrome Extensions

Nation-State Attackers Actively Target COVID-19 Vaccine-Makers

Millions of texts leading to the Flubot spyware/banking trojan are targeting everyone who uses Androids in the country, in an “exceptional” attack.

Hackers demand $50m from Mediamarkt, disrupt computer access

USB Devices the Common Denominator in All Attacks on Air-Gapped Systems

A new study of 17 malware frameworks shows threat actors always use USB drives to sneak malware into air-gapped environments and then steal data from there.

Omicron Phishing Scam Already Spotted in UK

Omicron COVID-19 variant anxiety inspires new phishing scam offering fake NHS tests to steal data.

Stealthy ‘WIRTE’ Gang Targets Middle Eastern Governments

IKEA Hit by Email Reply-Chain Cyberattack

‘Dangerous Stuff’: Hackers Tried to Poison Water Supply of Florida Town
