MEDIA AND OUTREACH

Presenting my research to the **general public** is very important to me, as it provides me with the opportunity to raise awareness on social anxiety and the serious consequences of this disorder. I am always eager to present our research projects, for example by giving interviews for (inter)national newspapers (Algemeen Dagblad, De Standaard (BE), Nederlands Dagblad, Reformatorisch Dagblad, RTL Nieuws, SP!TS) and magazines (Quest, Quest Psychology, Terdege), contributing to television programs (5 uur live, Editie NL, both programs from the Dutch television broadcast RTL4), or by talking about my work on the radio (Radio Veronica, Radio 1 Vandaag, Omroep Max, Radio Sleutelstad).
