Dr Rafael Viana de Carvalho

Master's School of Production and Systems
Engineering
Pontifical Catholic University of Goiás (PUCGO)
Goiânia - Brazil

Received the B.S. degree in Computer Science from Pontifical Catholic University of Goiás, Goiânia, Brazil, in 2005; the M.S. degree in Informatics from Federal University Of Rio de Janeiro, Rio de Janeiro, Brazil, in 2008. In 2015 he got his Ph.D. degree in Science from Leiden University, Leiden, Netherlands.

Currently, he is pursuing postdoctoral studies at Master's School of Production and Systems Engineering, Pontifical Catholic University of Goiás, Goiânia, Brazil.

From 2008 to 2009, he was a Research fellow at United Nation University - International Institute for Software Technology, Macau, China; and from 2010 to 2016 a research fellow at Leiden Institute of Advanced Computer Science, Leiden University, Leiden, Netherlands.

Since 2016 he has collaborated as a senior researcher at the Scientific Computing Laboratory from Pontifical Catholic University of Goiás, Goiânia, Brazil. His research interests include modeling and simulation processes, mathematical and computational models, artificial intelligence, pattern recognition, computer vision and data science.

Dr. Carvalho was awarded with UNUIIST Fellowship (United Nation research grant), CNPq/Science Without Border (Brazilian PhD Grant) and DCR/FAPEG (Brazilian Research Grant).
